PETITIONER's COMMENTS

Please accept these comments as restated below from
Proponents original petition.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 231A to Hooks, Texas, as that community's first competing FM service. Hooks is an incorporated city with a population of 2,826 people as of January 1, 1998 according to the Texas State Data Center. Hooks has its own mayor, Michael Babb, its own post office, its own school system, its own fire department, its own city hall and a number of local churches. The proposed channel 231A to Hooks will provide additional diversity and an outlet for local self-expression to Hooks residents and therefore is in the public interest.

Petitioner's Comments
Hooks, Texas
Page 2

Should this petition be granted, and Channel 231A be allotted to Hooks, Texas Petitioner will apply for Channel 231A, and after it is authorized, will promptly construct the new facility.

The information provided in these Comments is correct and true to the best of my knowledge.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Katherine Pyeatt", written over a horizontal line.
